## EXCLUSIVE BACKER SNEAK PEEK #2

We would like to provide **ALL** our backers with exclusive access to another of the shorts in the Apparatus Collection -- **Anemone Me** (1990), directed by Suzan-Lori Parks & Bruce Hainley. FILMMAKER Magazine wrote: "Susan Lori-Parks's tender, absurdist tale of a young black man's sexual awakening with a merman on the rocky shores of Maine...[is] close in spirit to the Pulitzer Prize-winning author's plays."

[He Was Once](#) is still available and **Anemone Me** can be accessed [HERE](#).

Again, we've enabled time-coded notes so you can provide us with suggestions or comments. We appreciate your input and hope you enjoy!

**Password: killer**

**\*REMINDER\***: The link and password are for you eyes only. It will remain available until all rewards are delivered. We ask that you please not share the information with non-backers. Your contributions facilitated this restoration project, and we want you and your fellow backers to be the first beneficiaries.
