## SAVE THE DATE

As we've said, SAVED DOES NOT MEAN SEEN, and we want to make sure that the films we save ARE seen.

I'm very excited to announce that Jake Perlin, Artistic Director of the [Metrograph](#) cinema in New York City, has agreed to host the **world premiere** of our 4K restorations of the Apparatus film collection. The series will unfurl in early December with Christine Vachon, Todd Haynes and Barry Ellsworth in attendance, along with other directors and special guests.

We hope you can join us for the exciting reunion of these pioneering filmmakers by choosing the [SPECIAL THEATER SCREENING](#) reward. (Please note that travel and accommodations are not included.)

## LESS THAN 5 DAYS LEFT!

But this only happens if we hit our goal of \$40,000, and now we have less than 5 days to do it.

[Please back us today](#) and share the news by [re-tweeting](#) and sharing our [Facebook](#) post.

Thanks so much for your support!
