

INDIECOLLECT

LESS THAN 8 HOURS TO GO!

"I don't ask for much. Just this. Go to your phone, go to indiecollect.org, go to [the Kickstarter page](#) and donate now!" — Ted Hope, producer extraordinaire

HOPE FOR FILM

Indie producer Ted Hope joined the IndieCollect Board of Directors just as we were getting started. Ted's career as a producer encompasses so many films, from *A Dirty Shame* to *What Happened When*. With partner James Schamus, Ted founded the storied production company, Good Machine, an incubator for talented filmmakers. He then founded production company This is That. Over his long career, he never lost his "[Hope for Film](#)," which became the title of his book. Now, as Head of Motion Picture Production at Amazon Studios, he's financed films by Spike Lee, Jim Jarmusch, Todd Haynes and other iconic indie directors.

Like Christine Vachon, Ted is dedicated to making distinctive movies, movies that, as Christine has said, "are not necessarily everyone's favorite movie, but someone's favorite movie." That's why it's so important to [protect American independent cinema](#), now and for the future.
